RESUME SUMMARY

Filmmaker with more than 13 years of experience in the film, theater and television industry, I have played various roles, from acting to post-production, working on productions with renowned directors, including Sebastián Cordero. In 2020, I decided to found my own animation studio to tell my own stories and enter the world of Stop Motion. My academic career began with a master's degree in post-production, marking the beginning of my path as a teacher.
